*This program was the key to my success in passing all four parts of the exam. I would have never passed if it wasn't for the incredible instructors.*  
— Martina @ Deloitte

*With Surgent CPA Review, I was able to pass all four sections in a row. I struggled over three years with three other review courses, and can say with confidence that this one is the best.*

Products that produce

**1 SYNC**  
**Product Data Management Solutions**  
Unparalleled Experience  
Unprecedented Results

1SYNC has a great product, but better than that, they have outstanding support and show a strong understanding of our problems. They were able to get our small company up and running with minimum effort on our part.

# OKI DATA

### OKI Data Americas Trade Show Support

OKI Data participates in and/or sponsors several dozen trade shows a year. Not all events require a 40' x 50' booth, but this one also highlighted their involvement with breast cancer awareness and featured a replica of Elvis' Pink Cadillac.
